Dyspepsia Is Often Caused by Catarrh of the Stomach-Peruna Relieves Ca-

Hon. M. C. Butler, U. S. Senator from South Carolina for two terms, in a letter from Washington, D. C., writes to the Peruna Medicine Co., as follows:

"I can recommend Peruna for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved. It is indeed a wonderful medicine, besides a good tonic."

CATARRH of the stomach is the correct name for most cases of dyspepsia. Only an internal catarrh rem-ely, such as Peruna, is available.

Peruna Tablets can now be procured. Ask your Druggist for a Free Peruna Almanac for 1909.

CAUSE AND EFFECT Good Digestion Follows Right Food.

Indigestion and the attendant discomforts of mind and body are certain to follow continued use of improper food.

Those who are still young and robust are likely to overlook the fact that, as dropping water will wear a stone away at last, so will the use of heavy, greasy, rich food, finally cause loss of appetite and indigestion.

Fortunately many are thoughtful enough to study themselves and note the principle of Cause and Effect in their daily food. A N. Y. young woman writes her experience thus:

"Sometime ago I had a lot of trouble from indigestion, caused by too rich food. I got so I was unable to digest scarcely anything, and medicines seemed useless

"A friend advised me to try Grape-Nuts food, praising it highly, and as a last resort I tried it. I am thankful to say that Grape-Nuts not only relieved me of my trouble, but built me up and strengthened my digestive organs so that I can now eat anything I desire. But I stick to Grape-Nuts."
